Review report on condensed consolidated interim financial information

To the Board of Directors of Dubai Financial Market P.J.S.C. (DFM) Dubai, U.A.E.

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Dubai Financial Market (DFM) P.J.S.C. (the 'Company') and its subsidiaries (together referred to as "the Group") as at 30 September 2017, the related condensed consolidated interim statement of income and comprehensive income for the three-month and nine-month periods then ended, the condensed consolidated interim statement of changes in equity and cash flows for the nine-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting ("IAS 34")". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with International Accounting Standards 34 "Interim Financial Reporting".

PricewaterhouseCoopers 30 October 2017

Mahamad EID

Mohamed ElBorno Registered Auditor Number 946 Dubai, United Arab Emirates

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017

1 Establishment and operations

Dubai Financial Market (DFM) - PJSC (the "Company") is a public joint stock company incorporated in the Emirate of Dubai – United Arab Emirates (U.A.E.), pursuant to decree No. 62 for the year 2007 issued by the Ministry of Economy on February 6, 2007, and is subject to the provisions of the U.A.E. Federal law No. 2 of 2015 ("Companies law"). The Company received its registration under Federal Law No. 4 of 2000 with the Emirates Securities and Commodities Authority ('ESCA') on November 4, 2000.

The licensed activities of the Company are trading in financial instruments, acting as commercial, industrial and agricultural holding and trust company, financial investment consultancy, and brokerage local and foreign shares and bonds. In accordance with its Articles of Association, the Company complies in all its activities, operations and formalities with the provisions of Islamic Shari'a and shall invest its entire fund in accordance with these provisions.

The Company's shares are listed on the Dubai Financial Market ("DFM").

The Company currently operates the Dubai stock exchange, related clearing house and carries out investment activities on its own behalf.

The registered address of the Company is Dubai World Trade Center, Sheikh Zayed Road, P.O. Box 9700, Dubai, United Arab Emirates.

The ultimate parent and controlling party is the Government of Dubai which owns 79.63 % of DFM through Borse Dubai Limited (the "parent"), a Government of Dubai entity.

The condensed consolidated interim financial information incorporate the financial information of Dubai Financial Market (DFM) - PJSC and its subsidiaries (together the "Group"). Details of the subsidiaries are as follows:

Company name	Activity	Country of incorporation	Ownership <u>held</u>
Nasdaq Dubai Limited* Financial Market	Electronic Electronic	U.A.E.	67%
Nasdaq Dubai Limited	has the following subsidiary:		
Company name	Activity	Country of incorporation	Ownership <u>held</u>
Nasdaq Dubai Guardian Limited	Bare nominee solely on behalf of Nasdaq Dubai Limited	U.A.E.	100%

^{*} The remaining 33 % is held by Borse Dubai Limited (Note 17).

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

2 Summary of significant accounting policies

2.1 Basis of preparation

This condensed consolidated interim financial information has been prepared in accordance with International Accounting Standard (IAS) No. 34: Interim Financial Reporting.

This condensed consolidated interim financial information does not include all the information required for full annual financial statements and should be read in conjunction with the Group's consolidated financial statements as at and for the year ended 31 December 2016. In addition, results for the nine months period ended 30 September 2017 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2017.

The same accounting policies, presentation and methods of computation have been followed in the condensed consolidated interim financial information as were applied in the preparation of the Group's financial statements for the year ended 31 December 2016.

This condensed consolidated interim financial information has been prepared on the historical cost basis, except for the revaluation of certain financial instruments at FVTOCI.

The condensed consolidated interim financial information is prepared and presented in United Arab Emirates Dirham (AED) which is the Group's functional and presentation currency and are rounded off to the nearest thousands ("000") unless otherwise indicated.

UAE Federal Law No. 2 of 2015 (Companies Law) which is applicable to the Group has come into effect from 1 July 2015. The Group has assessed and evaluated the provisions of the Companies Law and has ensured its compliance.

2.2 New and revised IFRSs effective for accounting periods beginning 1 January 2017

(a) New and amended standards adopted by the Group

Standards and amendments to published standards effective for the Group's accounting period beginning on 1 January 2017

Amendments to IAS 7, 'Statement of cash flows on disclosure initiative'

These amendments to IAS 7 introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities including those from cash flows and other non-cash changes. The new requirement typically entails a reconciliation between the opening and closing balances in the statement of financial position for liabilities arising from financing activities

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

- 2 Summary of significant accounting policies (continued)
- 2.2 New and revised IFRSs effective for accounting periods beginning 1 January 2017 (continued)
- (a) New and amended standards adopted by the Group (continued)

Standards and amendments to published standards effective for the Group's accounting period beginning on 1 January 2017 (continued)

There is no material impact of the above amendments on condensed consolidated interim financial information of the Group.

There are no other IFRSs or IFRIC interpretations that were effective for the first time for the financial year beginning on 01 January 2017 that have had a material impact on the Group's condensed consolidated interim financial information.

(b) New and amended standards not early adopted by the Group

Standards, amendments and interpretations issued but not yet effective for the Group's accounting period beginning on 1 January 2017 and not early adopted

IFRS 16 'Leases' (Effective date 1 January 2019)

This standard replaces IAS 17 "Leases", IFRIC 4 "Determining whether arrangement contains a lease", Standard Interpretations Committee ("SIC") 15 "Operating leases – Incentives" and SIC 27 "Evaluating substance of transactions involving legal form of a lease". The standard specifies recognition, measurement, presentation and disclosure related to leases. The core principle of IFRS 16 is to provide a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. The standard was issued in January 2016 and effective for accounting periods beginning on or after 1 January 2019.

IFRS 15, 'Revenue from contracts with customers' (Effective date 1 January 2018)

This standard replaces IAS 11, 'Construction contracts', IAS 18, 'Revenue' and related interpretations. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use of and obtain the benefits from the good or service. The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 also includes a cohesive set of disclosure requirements that will result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

- 2 Summary of significant accounting policies (continued)
- 2.2 New and revised IFRSs effective for accounting periods beginning 1 January 2017 (continued)
- (b) New and amended standards not early adopted by the Group (continued)

Standards, amendments and interpretations issued but not vet effective for the Group's accounting period beginning on 1 January 2017 and not early adopted (continued)

IFRS 9 'Financial Instruments' (Effective date 1 January 2018)

The complete version of IFRS 9 replaces most of the guidance in IAS 39. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through OCI and fair value through P&L. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in OCI.

There is now a new expected credit loss model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value, through profit or loss. IFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually uses for risk management purposes.

Contemporaneous documentation is still required but is different to that currently prepared under IAS 39. Earlier application is permitted. If an entity elects to early apply it must apply all of the requirements at the same time with the following exception: Entities with a date of initial application before 1 February 2015 continue to have the option to apply the standard in phases. The Group has early adopted the November 2009 classification and measurement version of IFRS 9. Since this adoption was before 1 February 2015, the Group is not required to early adopt the phases pertaining to impairment and hedging issued in July 2014. Accordingly, the Group continues to apply the impairment provisions of IAS 39.

The Group has plans in place for adhering to the above new standards and amendments to published standards or IFRIC interpretations issued but not yet effective for the Group's financial year beginning on 1 January 2017 and is currently assessing the impact of the above standards.

There are no other applicable new standards and amendments to published standards or IFRIC interpretations that have been issued but are not effective for the first time for the Group's financial year beginning on 1 January 2017 that would be expected to have a material impact on the condensed consolidated interim financial information of the Group.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

3 Basis of consolidation

The condensed consolidated interim financial information incorporates the interim financial information of the Company and the entities controlled by the Group (its subsidiaries) (together the "Group"). The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

The results of subsidiaries acquired during the period are included in the condensed consolidated interim statement of income from the effective date of acquisition.

Where necessary, adjustments are made to the condensed consolidated interim financial information of the subsidiaries to bring the accounting policies in line with those used by the Company. All intra-group transactions, balances, income and expenses are eliminated on consolidation.

4 Estimates

The preparation of condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information, the significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the consolidated financial statements as at and for the year ended 31 December 2016.

5 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 31 December 2016.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

6 Goodwill and other intangible assets

	Goodwill AED'000	License to operate as a stock exchange	Relationships with market participants (Brokers)	Total
	AED 000	AED'000	AED'000	AED'000
Cost At 1 January 2016 and				
2017	2,878,874	2,824,455	58,744	5,762,073
At 30 September 2016 and 2017	2,878,874	2,824,455	58,744	5,762,073
Accumulated amortisation				
At 1 January 2017	-	564,890	58,744	623,634
Charge for the period		42,366		42,366
At 30 September 2017		607,256	58,744	666,000
1.17				
At 1 January 2016	-	508,401	52,866	561,267
Charge for the period		42,367	4,406	46,773
At 30 September 2016		550,768	57,272	608,040
Carrying amount				
At 30 September 2017 At 30 September	2,878,874	2,217,199	-	5,096,073
2016	2,878,874	2,273,687	1,472	5,154,033
At 31 December 2016	2,878,874	2,259,565		5,138,439
				3,130,437

There was no evidence of impairment of the goodwill at 30 September 2017 on the basis that the fair value of the business, based on the Company's quoted market price at 30 September 2017 was in excess of its net assets at that date. DFM as an entity is considered a single cash generating unit for impairment testing purpose.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

7 Other financial assets measured at fair value through other comprehensive income (FVTOCI)

Authorised, issued and paid up share capital: 8,000,000,000 shares (31 December 2016: 8,000,000,000 shares) of AED 1 each (31 December 2016: AED 1 each)

8,000,000 8,000,000

The Company did not declare any dividends for 2016. Dividends declared for 2015 were AED 399.8 million representing 5% per share, including non-sharia compliant income of AED 15.6 million.

14 Reserves

(a) Statutory reserve

In accordance with the U.A.E. Federal Commercial Companies Law No. 2 of 2015, as amended, the Group has established a statutory reserve by appropriation of 10% of the Company's net profit for each year which will be increased until the reserve equals 50% of the share capital. This reserve is not available for distribution, except as stipulated by the Law. No allocation to the statutory reserve has been made for the nine month period ended 30 September 2017, as this will be affected at the year-end based on the Company's results for the year ending 31 December 2017.

(b) Investments revaluation reserve - FVTOCI

The investment revaluation reserve represents accumulated gains and losses arising on the revaluation of financial assets at fair value through other comprehensive income.

The Company also has a commitment of AED 148 million to acquire the remaining 33% of Nasdaq Dubai Limited which is required to be settled on the completion of the acquisition on a date to be mutually agreed with Borse Dubai Limited.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

18 Fair value gain on gifted land

During 2016, the Company received freehold land in the Business Bay area from Dubai Properties Group (DPG), free of cost. This will be used for the purpose of construction of its new office premises. Based on the valuation certificate issued by the Dubai Land Department, the value of gifted land at the date of receipt was AED 231.3 million, which has been recognised in the statement of income in the nine month period ended 30 September 2016.

19 Segment reporting

Following the management approach to IFRS 8, operating segments are reported in accordance with the internal reporting provided to the Board of Directors (the chief operating decision-maker), which is responsible for allocating resources to the reportable segments and assesses its performance. The Group is managed as one unit and therefore the Board of Directors are of the opinion that the Group is engaged in a single segment of operating a stock exchange and related clearing house.

20 Non Sharia compliant income

Non Sharia compliant income of AED 28.3 million relating to 2016 (2016: AED 15.6 million relating to 2015) as approved by the Company's Sharia and Fatwa Supervisory Board, has been appropriated from retained earnings during the period ended 30 September 2017 and will be distributed by the Group to its shareholders towards disbursement by the shareholders for charitable purposes. Based on the ruling of the Sharia and Fatwa Supervisory Board, it is the sole responsibility of the individual shareholders to donate their respective shares of this amount for charitable purposes.

21 Fair value of financial instruments

The Group's financial assets and financial liabilities comprise of cash and bank balances, investment deposits, receivables and payables whose maturity is short term. Long term investment deposits carry market rates of return. Consequently their fair value approximates the carrying value stated in the condensed consolidated interim statement of financial position.

The Group has classified fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The fair value of financial instruments traded in active markets is based on quoted market prices at the consolidated statement of financial position date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. These instruments are included in level 1. Instruments included in level 1 comprise primarily quoted equity investments classified as fair value through other comprehensive income.

Notes to the condensed consolidated interim financial information for the nine month period ended 30 September 2017 (continued)

21 Fair value of financial instruments (continued)

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. These investments comprise funds the fair values of which are based on the net asset value provided by the fund managers.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. Level 3 assets represent unquoted equity and mutual fund investments whose fair value is determined based on varying unobservable assumptions which depend on a broad range of macroeconomic factors. The carrying values of these investments are adjusted as follows:

- Managed funds based on the net asset value derived from the EBITDA/PE multiple or value per share provided by the fund managers.
- Unquoted equity investments and other financial instruments using the latest available net book value and market approach based on prevailing secondary market prices of similar instruments.

There were no changes in valuation techniques during the period.

The following table presents the Group's assets and liabilities that are measured at fair value at 30 September 2017 and 31 December 2016.

) September 2	017 (Un-audite	ed)
